

113TR

BOPP - Easy Tear Tape

DESCRIPTION

The Decker 113TR is a polypropylene film tape coated with a synthetic rubber adhesive system, which features easy tear capabilities.

FEATURE

- Applications: carton sealing, splicing, light bundling and other packaging applications
- Strong conformable film backing coupled with consistent pressure sensitive hot melt adhesive coating
- Adhesive allows this product to withstand freezer conditions as well as high heat and humidity
- Adheres instantly to fiberboard, paper, film and a variety of surfaces
- Excellent resistance to edge tear and splitting
- This product is available in clear and can be custom imprinted up to 5 colors with logo, a security message or a promotional message
