

1222

High Temp Masking Discs

DESCRIPTION

The Decker 1222 is a premium grade crepe paper masking discs coated with a rubber adhesive that has ultra high temperature resistance.

FEATURE

- Applications: painting applications and dust protection
- Excellent quick stick properties and good resistance to water, solvents and oils
- Non-staining and clean removal with no residue
- Offers conformability to most surfaces
- Capable of withstanding high temperatures up to 350°F
