

# 158R

Polyester Carton Sealing Tape  
Hot Melt Rubber

## DESCRIPTION

The Decker 158R is a superior performance polyester tape coated with a hot melt rubber adhesive system perfect for carton sealing and bundling.

## FEATURE

- Applications: carton sealing, splicing, bundling and other packaging applications
- Strong conformable film backing coupled with consistent pressure sensitive hot melt adhesive coating
- Adheres instantly to corrugated, paper, plastic film and a variety of surfaces including cartons containing high level of recycled content
- Excellent edge tear and split resistance
- ROHS compliant

## TECHNICAL DATA (Average Values)

|               |                               |
|---------------|-------------------------------|
| Thickness     | 3 MILS                        |
| Backing       | Polyester                     |
| Adhesive      | Hot Melt Rubber               |
| Tensile       | 107 lbs/in                    |
| Adhesion      | 62 oz/in                      |
| Elongation    | 155%                          |
| Temperature   | 30° TO 140°F                  |
| Color         | Clear                         |
| Federal Spec. | ASTM D 1974-92; CID A-A-1684C |
