

4420L

Double-Sided Containment Tape

DESCRIPTION

The Decker 4420L is a 2-in-1 high-tack / low-tack double sided containment tape. This product offers high tack on one side and removable on the other.

FEATURE

- Applications: used in creating containment systems by holding poly sheeting, tarps and other coverings during restoration, mold remediation, asbestos removal, painting, sanding
- Blue low-tack side removes cleanly from surfaces without damage while natural high tack side holds poly sheeting in place
- Hand-tearable
- Excellent moisture barrier properties
- Conformable to irregular surfaces
