

444

D/C Linerless PVC Tape

DESCRIPTION

The Decker 444 is a transparent PVC film tape coated on both sides with an acrylic adhesive. Self wound with no additional liner.

FEATURE

- Applications: mounting light weight parts, splicing of various materials (plastic, metal foils, paper, cardboards), closure method for polyethylene bags and pouches
- Excellent adhesion
- Good resistance to aging and light
- Manual or automatic applications
- Can be unwound easily, even after long periods in storage
